

Special Glidex®

- by Unipak

Special Glidex® is a high-quality soap emulsion, used as a lubricant during assembly of plastic sleeve pipes, metal pipes, concrete pipes other types of pipes.

Special Glidex®

Special Glidex® simplifies installatio, prevents misfitting and damaging of the rubber joint. Special Glidex® assures even in wet/humid environment a good adhesion.

Special Glidex® can be applied to about -5° C.

DIRECTIONS:

1. Pipes and fittings should be cleaned for sand, soil and dirt.
2. Apply the spigot end of the pipe an even layer of Special Glidex®, after which the assembling can be carried out easily.

Special Glidex® is applied with a brush or directly on the pipe from the tub. Besides, follow assembly instructions of the pipe manufacturer.

CLEANING:

Clean with water, stains in eyes should be washed away with water. Spill on clothes is easily be removed in the washing machine.

NOTICE! Clean floors carefully to avoid fall accidents.
